

# Strike talk continues for Madison schools

By DONNA KIMBRO  
Staff writer

An emergency meeting of the Madison School Board Thursday night proved to be productive, with all members "regrouping their thoughts" and ideas on a possible teacher strike. Billie Bosworth, board member, said Friday.

"We agreed on a lot of things and now know exactly where we stand for whatever proposals may be presented. All board members are interested in averting a strike, so we put our heads together to see where we are on this problem," she added.

NO DATE has been set for a strike, but Madison Federation of

Teachers Local 763 has said one could occur soon. It gave the necessary five-day strike notice in September.

Bosworth continued, "The board is especially interested in what will happen to the students if a strike is called."

"We considered a variety of subjects and tentatively made decisions on each one, with the concern of the children uppermost in our thoughts."

BOTH SIDES have indicated the school district and Local 763 are "not far apart" and possibly could reach agreement at the next negotiating session.

However, no such session is scheduled at this time.

Board members said after their meeting Thursday night they are hopeful their negotiating team can meet soon with the Federation team and that the two groups can "constructively discuss the issues not yet resolved."

BOSWORTH stressed the Board of Education—in the event of a strike—is prepared to provide proper supervision for all children until the parents are notified of the situation.

"We do not want parents to be upset or concerned about the students' safety," she added.

## Police, fire board expanded

VENICE — Appointments to an expanded Board of Fire and Police Commissioners were announced by Mayor Tyrone Echols at Tuesday's City Council meeting.

James Baker, 1329 Robin St., a railroad employee, was appointed to the board to fill the vacancy of the late Eddie E. Venisee. Mr. Johnnie, 65, died Oct. 7.

COMMISSIONERS remaining on the former three-man board are Tim Bennett and Ernest Davenport.

They will be joined by two other new appointees, the Rev. John Henry Williams, president of the Venice Board of Park Commissioners, and the Rev. Harold Wilson Sr., a Madison County deputy sheriff and president of the Madison Branch of the NAACP. Rev. Wilson also is a Venice park board member.

A question on the legal size of the board is being researched by City Attorney Lawrence Hartman, Echols said Friday.

The number of commissioners was increased so that an odd number of voting members were

TYRONE ECHOLS

likely would be present should a vote on a specific issue be required, the mayor said.

VENICE CITY OFFICERS are continuing to benefit from an increase in the number of arrests being made this year, resulting in fines

collected through the Circuit Court, aldermen were advised.

A \$3,616 check was sent to Venice from Willard Portell, circuit court clerk, representing fines collected in September. Police Chief Farris Smith reported.

In September, 166 adults and nine juveniles were arrested on a total of 240 charges, including 186 city and state traffic violations, Smith said.

On Thursday, Oct. 31, Venice officers had made 1,262 arrests since Jan. 1, 1985. The same number of arrests, 1,262, was logged during the entire 12 months of 1984.

CASES HANDLED by the department so far this year also have increased, numbering 1,434 on Oct. 31, 1985. A total of 1,215 cases was recorded in 1984.

Traffic on the McKinley Bridge also continues to increase steadily, according to a report presented to the City Council by Bridge Manager Tom Fields.

In September, 463,783 vehicles crossed the Venice bridge, averaging 15,992 per day. The daily average shows an upswing of 450 vehicles, daily compared to last September, Fields said.

A RUBBA-DUB-DUB and two in a tub was one of the entries in the annual Moose Lodge Halloween parade Thursday night. Margie Ballard and John Walk braved the rain and cool weather to participate in the parade that was abbreviated and held under the drive-in canopy at the First Granite City National Bank. The twosome was awarded the second-place prize for most original costume.

## Halloweeners Downpour doesn't dampen spirits

By VALERIE EVENDEN  
Staff writer

Some unusual Halloween characters turned out Thursday night for the annual Halloween parade in Downtown Granite City, despite dismal rain which washed out the usual march through the city's central streets.

Fully prepared for the downpour were Margie Ballard and John Walk, whose "two in a bathtub with shower" costume effect earned them second place in the most original costume division.

About 45 costumed in masquerade costumes and more than 80 spectators crowded beneath the canopied area at the First Granite

City National Bank, where the judging took place due to the wet weather.

The event was sponsored by Granite City Moose Lodge 272, which offered \$150 in prize money, and the Downtown Granite City Merchants group, whose members presented \$90 worth of gift certificates.

First place for the most original costume went to young Stephen Snider, attired in Army fatigues and encased in a realistic 6x4-foot plywood tank, complete with gun turret.

David Geasley won first in the scariest division for his "horrible" rendition of a humpbacked monster.

Four-year-old Stacy Foster was a

perfect Raggedy Ann doll and took first place in the prettiest category.

Other award recipients were: Margie Ballard and John Walk, second place, and Hattie Butler (ice cream cone), third place in the most original category.

Theresa Hampt (mummy), second place, and Paul Williams (vampire), third place, scariest division.

Jessica Sanders (green dragon), second, and Crystal Young (a crayon), third in the prettiest category.

Judges were Street Superintendent Mac Warfield, 6th Ward Alderman Woody Moad and Danny Fricke, GC Jaycees president.

## Armed robbery nets cash, goods

GRANITE CITY — Twenty video recorders, \$1,407 in cash and a van are among items taken in an armed robbery, occurring about 8:05 p.m. Friday at CMC Stereo, 3142 Nameoki Road.

Duct tape was used to bind and blindfold store manager Michael Biederman and a woman employee, both of whom were threatened.

Five black men, who came into the store within a few minutes of each other, apparently were involved in the robbery.

The employee managed to alert police shortly after the robbers left

the building through a rear garage door, after first locking the store's front door.

At least four of the five men were in the store about 30 minutes while committing the robbery. They escaped in a blue 1983 Ford Maxivan, owned by the stereo firm. The vehicle has Missouri plates and is marked with CMC on the side.

One of the robbers, described in his mid-20s, 6 feet, 2 inches tall, weighing about 200 pounds with straight hair almost to the shoulders, stuck an object in Biederman's back and ordered him into the

auto-sound room near the front of the store.

The same robber forced the manager to face downward and put duct tape over his mouth and eyes and around both wrists, telling Biederman not to move or he would kill him.

Two other men put a weapon to the head of the woman employee, then taped her eyes and ordered her into the hi-fi room, where her hands were taped.

The pair threatened to kill her and made other threats but then left her alone, she told police.

## Last look given at area school board elections

Sixteen education board members will be elected in balloting between 6 a.m. and 7 p.m. Tuesday, Nov. 5. Voters here also will help decide the first tax hike ever sought by Belleville Area Community College District 522.

Of the new tax dollars sought, 33 percent of the more than \$3 million generated yearly in the eight-county district would be spent at the Granite City Campus, the former North High School.

THE BAC BOARD's only Quad-City area member, Avery Schermer, is seeking re-election to a six-year term on the Board of Trustees. He is chairman of the college board.

Other BAC incumbents on the ballot are Curt Eckert, seeking a six-year term, and Dr. James Vest, running for a two-year term.

Five candidates are running for the three positions. The non-incumbents are Larry Reinbeck, for a six-year term, and Frances Braswell, for a two-year term.

GRANITE CITY Board of Education candidates for four four-year positions include three incumbents, L. Monroe Worthen, Alan Crider and Mrs. Ruth Lahr. Tom Mofsky did not seek re-election.

The remaining candidates are Donald Lane, Mark Maynard, Gerald McKeahan, Sheila Moran, E. Gene Ross, Vicki Sebastian and Jolene Travis-Terrell.

Venice School Board candidates for four four-year posts are four incumbents, George Wade Jr., Kirk Gardner Sr., Alvester Salmond and David Levy, plus Gregory Katana.

MADISON BOARD candidates include Edmund Warchol, unopposed for re-election to a two-year term.

Vying for four four-year board terms are three incumbents and three other persons. Paul Bargiel did not seek re-election.

Seeking re-election in Madison are Mrs. Billie Bosworth, James Newsome and Edward Dohal. Running for the first time are John Hamm, Don Bridick and Mike Macke.

TO APPROVE higher tax rate levies for Belleville Area College, voters in the 2,100-square-mile two-year community college district will

AVERY SCHERMER

need to mark an X for yes on the education fund and X for yes on the building fund.

Although a 14-cent higher limit is proposed, some of the new funding would be phased in as bond debt is retired. As a result, the rate impact would never be more than 10½ cents.

The college district operates ma-

CURT ECKERT

for campuses in Belleville, Granite City and Red Bud as well as 22 extension centers.

Building improvements and staff expansions are proposed. In Belleville, a \$10-million fine arts and civic center and a \$10 million indoor physical fitness center would be constructed, partly with state and private sources.

THE BALLOT calls for raising the education fund tax rate limit from 13.2 to 22.2 cents, which would boost the potential districtwide levy from \$2,525,563 to \$4,247,538.

It also calls for increasing the maximum building fund rate from 2.8 to 7.8 cents, expanding that potential levy from \$535,725 to \$1,492,378.

Officials of the college have committed themselves to this 1986 distribution of added funds: \$1,081,094 for Granite City Campus, \$530,348 for Red Bud and \$407,960 for Belleville.

IN 1989, the distribution would be \$1,223,502 for GCC, \$600,202 for Red Bud and \$461,699 for Belleville. In 1994, \$1,404,018 for Granite City, \$688,764 for Red Bud and \$529,818 for Belleville.

Playing an increasing regional role in both education and economic development, Belleville Area College has become one of the largest centers of higher learning in the St. Louis metropolitan area.

It has the fourth lowest tax rate of the 37 Illinois college districts.

THE COLLEGE DISTRICT has less than half of the building space

per student of the average Illinois community college.

The new facilities that are proposed would free existing classroom space for a wide range of courses, not just fine arts and physical education.

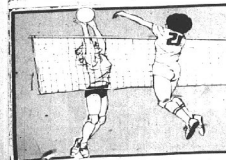

Both the Granite City and Red Bud campuses are to be converted into full-service colleges through the referendum.

INDUSTRIES and several labor groups have endorsed the tax proposal, including executives of Granite City Steel and A.O. Smith Corp.

The Granite City Center's role as a training center is being called essential for a resurgence of manufacturing activity in the 1980s and 1990s.

David Schermer, 1984-85 Tri-Cities Area Chamber of Commerce president, said this fall, "The Chamber believes Granite City Campus can be the key to economic development of our area. A top-notch college will attract new industry and encourage existing industry to expand."

Opponents say they are against increased real estate taxes and believe the college could survive without revision of its tax rate limits.

## U.N. condemns USSR

WASHINGTON — Incredible as it may seem, the U.N. General Assembly may be nudged off its diplomatic fence-straddling and forced to condemn the Soviet Union's six-year slaughter in Afghanistan.

Doing the nudging is a doughty little U.N. panel, the Commission on Human Rights, whose first chairwoman was the late Eleanor Roosevelt. Last year, the 43-member commission took a deep breath, grasped the nettle of controversy and appointed a "rapporteur" to investigate human rights in Afghanistan under the brutal Soviet occupation. Until this bold act, the United Nations had tried to avoid offending the Kremlin by labeling all discussion of the butchery with the euphemism, "foreign troops in Afghanistan" — as if there were any foreign troops there besides the Red Army.

Needless to say, the Soviet bloc bitterly opposed the appointment of a human-rights bloodhound, but the commission voted to do it anyway. It chose Felix Ermacora, a distinguished Austrian professor whose previous U.N. investigations of human rights violations — in South Africa and Chile — were lavishly praised by the Soviets.

Once he was assigned to the Afghan tragedy, of course, the Soviets promptly denounced him as a Nazi. Ermacora was unshaken by the attacks.

Ermacora wasn't allowed into Afghanistan, but he gathered a massive amount of evidence from the refugee camps in Pakistan. His first report was a tough indictment of the Soviets, but it drew little attention in either the media or the General Assembly, which traditionally expends its energy attacking the United States and Israel rather than the Soviet Union.

The indefatigable Commission on Human Rights should not be silenced, though. At its October 1985 session, it voted to commend Ermacora and ordered him to write a second report and present it to the General Assembly early in November — embarrassingly close to the U.S.-Soviet summit talks in Geneva.

A secret State Department cable from Geneva discloses that Ermacora's report will be a blockbuster. He "intends to accuse the Soviets of genocide in Afghanistan," the cable predicts. He was, it explains, "clearly moved by what he saw recently in hospitals on the Pak-Afghan border."

The cable reports that Ermacora "believes that Soviet use of new and more terrible weapons in attacks on civilians, the destruction of tribal so structures, the forced deportation of a quarter of the population to Pakistan, the abandonment of traditional villages and ways of life, and the movement of large numbers of displaced persons into the cities are the elements of genocide."

The Soviet propaganda machine

### Jack Anderson

has already described Ermacora's second report — even before it's been written as "cooked in the sauce of the CIA." In fact, no Western government would give Ermacora information, precisely to belie charges of bias in his report.

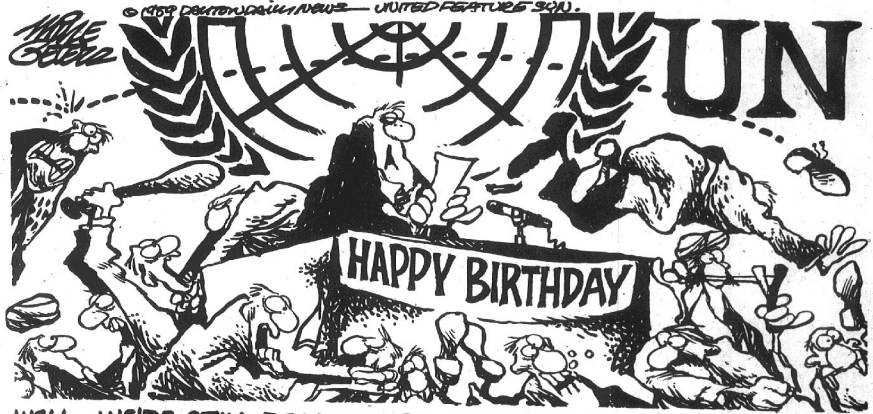

Prodded by the persistent Commission on Human Rights, the General Assembly will now have to bite the bullet and vote on the Afghanistan situation. If it hopes to retain any shred of credibility, it will have to condemn the Soviet Union.

**LOW PROFILE:** The Pentagon has quietly issued orders to more than 200,000 GIs stationed in West Germany to keep a low profile. "It's not that we want them to hide their American identity," one Defense Department official explained. Yet apparently, soldiers have been wearing distinctive clothing — such as cowboy hats, big boots, or fancy jackets with their outfits' symbol on the back — that make them stick out as easy terrorist targets in a crowd.

**IDENTITY CRISIS:** The late author Truman Capote had double convincing authorities he was a real celebrity when he was researching his 1965 best-seller, "In Cold Blood," according to recently obtained FBI records. While working on the book about the savage murders of a wealthy Kansas wheat farmer, his wife and two children, Kansas authorities doubted his identity and refused to cooperate. Capote, at the time a renowned writer with the New Yorker magazine, had neglected to bring along his press credentials. So his publisher at Random House asked the FBI to vouch for him. The FBI refused because no one in the bureau knew Capote nor could confirm his connection to the New Yorker.

**JAILHOUSE DAVY:** Former Rep. John Jenrette, the South Carolina Democrat now doing time in a federal prison for his role in the Abscam scandal, entertaining the idea of running for his old seat. He told us he's getting "a strong push to run," and added in bemusement, "Isn't that wild?" Wild or not, even from jail, Jenrette must be taken seriously. He narrowly lost his reelection bid in 1980, even after he had been convicted of a felony. But Jenrette believes, in a word, "romancing for himself, since he is a convicted criminal."

## Support BAC tax referendum

During the past few weeks, much confusion seems to be arising over the Belleville Area College (BAC) tax referendum set for Tuesday, Nov. 5.

This confusion has arisen in personal conversations, letters to the editor and even in the form of letters being passed out with some school board candidate material, door to door. The main purpose of some of the conversations and letters seems to be an effort to confuse the public.

As many of you know, I have a reputation of being very negative in acceptance of any issue that will raise our property taxes, and I even question the basis by which we do tax property owners.

In this case, however, I'm finding myself concerned over the lack of understanding of the real issues involved in this referendum.

People of Granite City, please consider that we now have a full-fledged junior college campus here in our city. Not a make-believe, simulated version but the real thing.

It offers the opportunity for a full range of classes, available to you, to me, to our children and their

children.

This is a new and golden opportunity for our young people, many of whom would be lost after high school. They would lack the opportunity to go on, to realize the golden dreams that only further education can offer.

How many of these young people could or would drive to SIUE or go across the river for the further

education needed to better themselves? You and I both know the answer to that!

As to the slam, why should we build a swimming pool for Belleville, let's grow up. This tax referendum covers much of Southwestern Illinois as far away as Red Bud. We have been promised 53 percent of those revenues here in Granite City.

Do you want to tell those com-

munities that we are selfish, that we want it all, even though they are paying as much for it as we are? By the way, swimming is acknowledged worldwide as one of the finest forms of exercise for the human body. I really believe we could spare that much of the revenues.

My final point of consideration is the argument that this isn't a bond issue to be paid off in 10 years; it's a permanent tax referendum. Yes, it is. However, how many of us would or could exist on the same income we earned 17 years ago with only minor cost-of-living increases? I wouldn't want to try.

Please, readers, before you go to the polls on Tuesday, consider all the issues.

We do have an honest-to-goodness real junior college right here in Granite City. It's growing. The number of our residents attending — young and old — has been beyond anyone's expectations.

These are people who otherwise might be out on the streets, or sitting at home stymied and perplexed as to the future.

Let's weigh this issue carefully.

## Election vital to future of Granite City college campus, says BAC board member, Schermer

To the Editor:

Tuesday is election day. There are many items on the ballot, but in my opinion none more important to our community than the two issues dealing with the Granite City Community College.

The public is well aware by now that if Granite City Campus is to become everything that it should be

to the community, then we must pass the tax referendum. Suffice it to say that \$1.75 per month is a small price to pay

to gain the \$50,000 property tax revenue that will be needed to ensure the future of our community college education here.

Now is the time to vote "yes" for our educational future.

Item number two of my concern is the election of three trustees to the

Belleville Area College board.

I feel that the present incumbents have done a very good job and deserve re-election.

For myself, I need only point to the very existence of the Granite City community college as evidence of my performance as a trustee.

While I have been the "leader," nothing could have been accomplish-

ed without the support of the other members of the board, which leads me to Curt Eckert, who is also running for re-election.

His support for improving educational opportunities in Granite City has been invaluable.

The third incumbent, who is running for a two-year term, is Dr. James Vest. His support for the Granite City Campus is 100 percent

and his interest in the future of the district is best testified to by the fact that he is a graduate of the district.

He unashamedly says that, if he had not had the opportunity to get the first two years of college at low cost, he would not be a doctor today.

Finally, let me once again ask for a large turnout on Tuesday.

Since I am the only local candidate running, I need to be re-elected so

that we will continue to have a voice on the District 522 board.

The record is clear. The course is certain. Come out Tuesday and vote to ensure the future of Granite City's community college.

**AVERY SCHERMER**  
Chairman of the Board of District 522, Belleville Area College

## BAC's tax plan an investment in our area's future

I've covered a lot of education meetings — and paid my share of education taxes — so I'll devote this column to Tuesday's election. Board members will be choosing the fate of a college tax proposal will be decided.

Opponents of a higher Belleville Area College tax rate claim that the world won't end if it loses; the sun will come up Wednesday on schedule. Still, the plan isn't frivolous. And the outcome will have an effect, positive or negative, on this community.

To go back a few years, the government decided all of Illinois, rather than just some of the state, ought to be within a college district.

There was some talk about creating a Quad City area two-year college, serving the municipalities of Venice, Madison, Granite City and Ponton Beach plus Mitchell and other local unincorporated territory.

Legislators and the Illinois Community College Board opted for big districts and gradually "upped the ante" in population and assessment-base requirements. Before long, there weren't enough people and homes and businesses here to match the escalating criteria. It became

### Columnists' club

Bill Winter

clear there could be no entirely local college district.

Leo Konzen, Bob Davis and I were asked to study the outlook. Should our town try to join Lewis and Clark College in Godfrey? State College in East St. Louis? Belleville Area? The ICCB hinted it was leaning heavily toward assigning the Quad-Cities to Lewis and Clark, since both our community and that college were located in Madison County. The board retained its power to do just that, but reluctantly agreed to await our findings.

We visited buildings, looked at class schedules and perused financial records. Our unanimous preference was BAC. Many other people felt the same way, and it became a reality.

Our "crystal ball" wasn't good enough to foresee it all then, but the

passing years have proved the wisdom of the decision (even though Wilbur Trimpe later took over the Lewis and Clark presidency and L&C improved remarkably).

When Granite City High School North became available, Belleville Area College chose it as a major campus to serve the northern part of the huge BAC district. The supposedly impossible dream of a college in our home town had come true.

We actually "have our cake and ate it, too." Wilbur Trimpe retired and joined the Granite City Campus, where he has been invaluable as a consultant.

To sum up, there will still be a local campus regardless of the outcome of the Nov. 5 election. No promises made by BAC are going to be ignored. But the future of the Granite City Campus undoubtedly will be much bigger and brighter if new rate limits are approved by voters. Only a 10½-cent actual rate increase is involved.

It will also be true — a bigger and brighter future — for the entire community. Its future can be enhanced by a full-service college, and the money will make a big difference.

Right now, BAC is near the bottom of the list of revenues and classroom space. It needs more of both and will get them if the tax plan passes, aided greatly by state funds and private sources in Belleville. New fine arts and physical fitness space can free up more room for solid, high-tech instruction.

A cost is involved, but many see it as an investment. Sewers cost me each month, but I fought hard to get them.

Sewers are basic, but college services also are important, even though my family may not benefit directly. The indirect gain is likely to be immense and, after all, each of us wishes our entire town well. A too-narrow attitude of "what's in it for me?" is usually self-defeating sooner or later.

The voting booth is private, but here is how I will vote: X for "yes" on the BAC education fund, X for "yes" on the BAC operations, building and maintenance fund. And X votes for Avery Schermer, Curt Eckert and James Vest, the BAC board candidates who favor a full-service Granite City Campus and have committed 53 percent of the new tax dollars to GCC.

## Worthen able, fair-minded

To the Editor:

School boards exist for the purpose of seeing to it that the schools are run not to run them. Professionals are hired for that purpose.

Boards consisting of persons of integrity — committed to quality education, and possessing managerial and leadership qualities — serve their function most effectively.

18½ years' service with Monroe Worthen on our School Board give me cause to judge him to be a capable and effective board member.

His insistence on the consideration

of all aspects of issues — and the interests of all concerned parties — contributed significantly to the quality of our deliberations.

Although we had our disagreements, I was always sure there would be no attempt to deceive or to service any hidden agenda.

If the welfare of the children of our community is more important than political considerations, we will reelect L. Monroe Worthen as a member of our Board of Education and elect others who are committed to that same purpose.

## Writing rules to live by for journalists, writers

Queer quirks in communication are common and should be avoided by journalists.

**Mike Kent** of the *Monticello (Iowa) Express* has provided a likable (though sometimes debatable) list of rules that could lead to better writing:

- 1) Avoid alliteration. Always.
- 2) Prepositions are not words to end sentences with.
- 3) Avoid clichés like the plague.
- 4) Eschew ampersands & abbreviations, etc.

### The media mandarin

Jack Ventimiglia

5) Parenthetical remarks (however relevant) are unnecessary.  
6) It is wrong to ever split an infinitive.

- 7) Foreign nouns are not apropos.
- 8) One should never generalize.
- 9) Comparisons are as bad as clichés.
- 10) Don't be redundant; don't use words more than necessary; it's highly superfluous.
- 11) Be more or less specific.
- 12) Understatement is always best.
- 13) The passive voice is to be avoided.
- 14) Even if a mixed metaphor sings, it should be derailed.
- 15) Who needs rhetorical questions?

- 16) Exaggeration is a billion times worse than understatement.
  - 17) Sentence fragments should be avoided. As much as possible.
  - 18) Using too many commas, in sentences, can clutter writing, in most instances.
  - 19) Never use no double negatives.
  - 20) A name of a single group or organization takes singular pronouns, so be sure you don't make the sound of "they" in your sentence.
- This concludes today's lesson on communication quirks.

## GCC gives United Way record gift

The faculty, staff and students at Granite City Campus of Belleville Area College contributed a record amount to the 1985 Tri-Cities United Way campaign.

This year's contributions represented a 592 percent increase over last year's 1984 contributions by GCC.

"The work on behalf of United Way is appreciated by the organization. In the 1985 campaign, Granite City Campus participated in a full-fledged campaign for United Way involving both part-time and full-time faculty and staff," said Janet Quaron, United Way coordinator.

"Their students participated by sponsoring a bake sale. They are not only involved in giving but several of the staff are involved with United Way on the board, committee members, and the allocations process. The participation and support from Granite City Campus is a valuable asset to our local United Way."

Eighty-nine percent of GCC's full-time faculty and staff contributed to the campaign.

GCC President Don Kassing said GCC's high contribution rate was in response to a presentation made on campus by local United Way representatives. A presentation was made by Campaign Chairman Ben Johannpeter, transition team manager of Granite City Steel, a division of National Steel, Elmer Wortham, vice president of First Granite City National Bank, and Quaron.

"I was pleased they took the time to come out and talk to us about the Tri-Cities United Way campaign," Kassing said.

Kassing said he is proud of the GCC staff's involvement in the campaign. "Our staff is interested in the well-being of the community and is willing to support it," he said.

GCC students also became involved in the campaign effort, Kassing said.

Students who are members of GCC's Alpha Kappa Rho chapter of the national honor society Phi Theta Kappa hosted a bake sale as a fundraiser for the United Way. They donated all the bake sale proceeds to the campaign.

"I was particularly proud of the students and their contribution to the campaign," he said.

## Parent-teacher conferences set in local schools

GRANITE CITY — This year, for the first time, parent-teacher conferences will be held at all schools. Such conferences have been held for more than 20 years in the elementary schools.

An annual survey of parents and teachers who participate in conferences shows that the parents and teachers feel strongly about the value the conferences have toward improving a child's education.

Teachers and administrators in the high school and the two junior high schools have agreed to extend the conferences to their schools in the hope that better communication between the home and school will be of value.

Officials say research has shown consistently that the closer the contact between the home and school, the better students do in school. Few other factors are thought to have a more direct effect on student achievement.

Parent-teacher conferences will be held on Monday, Nov. 4, and Tuesday, Nov. 5, in all the District 9 schools.

Elementary conferences will be conducted on the same basis as previous years. They will be scheduled every 20 minutes throughout the two days. The junior high and high school conferences will be conducted on a nonscheduled basis.

Coolidge Junior High, Grigsby Junior High and Granite City High School will notify parents of the hours teachers will be available to hold conferences. Because each secondary teacher sees about 120 students per day, and since some parents may wish to confer with as many as five teachers, it was decided it would be impossible to develop a formal schedule of conferences at this level.

Parents are being reminded to attend the conference without their children. They should be prepared to wait for a brief time to see some of the teachers and, most importantly, should be prepared to share information about their child with the teacher.

At the conclusion of the conferences, parents will be asked to complete a brief questionnaire. "The answers will help us improve the conference in future years. Parents are asked to bear with us this year, as this is our first attempt to hold parent-teacher conferences on the secondary level," a spokesman said.

## Parents to meet Coolidge teachers

GRANITE CITY — Coolidge Junior High School will hold its first parent teacher conference Nov. 4 and 5. All students will be dismissed on these days so that parents and school personnel will have an opportunity to discuss the children.

Teachers, administrators and counselors will be available from 8 a.m. until 3:15 p.m. on Monday and again Tuesday from 12:30 p.m. until 7 p.m. to discuss families' thoughts

and concerns. Teachers' lunch periods will be alternated so there will always be faculty members available for a conference. Conferences will be limited to 15 minutes per teacher.

All parents are to report to the office to pick up their child's report card prior to visiting with the teachers. Office helpers will be available to guide them to the appropriate rooms.

Conference days are designed for parents only; however, some teachers may specifically ask for a student to accompany his parents. Students should not accompany their parents unless specifically requested to do so by an individual teacher.

Teachers will not make appointments for the conferences, but expect to be available after a minimum of waiting.

## Grigsby conference set Monday and Tuesday

Parents of Grigsby Junior High School students have been invited to attend parent-teacher conferences Nov. 4 and 5. Students will not attend school on these days.

Conferences will be unscheduled. Grigsby teachers will be available according to the following schedule: Nov. 4, 8:15 a.m. to 12 noon, and 1 to 3:30 p.m.

Nov. 5, 12:30 to 7 p.m., with flexible lunch periods.

## GC students warned on Reye's Syndrome

By BILL MILLIGAN  
Staff writer

GRANITE CITY — Students in Granite City schools last week were given Reye's Syndrome awareness bulletins to take home to their parents.

The bulletins contained information on the symptoms of Reye's Syndrome and warnings from the U.S. surgeon general.

Aspirin and combination food products containing aspirin should not be used in treating symptoms of influenza-like illnesses, chicken pox and colds, according to the surgeon general.

Children under age 18 are especially vulnerable to aspirin during episodes of these illnesses. Because of the possible association of aspirin with Reye's Syndrome, parents should consult their physician before using the drug, the bulletins advise.

Flu or various symptoms identified as influenza occur more frequently during the winter months.

Reye's Syndrome is associated with influenza and can develop three to five days after the onset of chicken pox or other viral infections.

After infection has disappeared and the child is feeling better, the following symptoms may occur:

Persistent or continuous vomiting.  
Loss of energy.  
Personality change or slurred speech.  
Disorientation.  
Delirium or convulsions.

A child's life can depend on early diagnosis. Reye's Syndrome should be suspected in any child with chicken pox who vomits frequently.

"We gave every student at every school one of the bulletins," said Jim Dumont, administrative assistant in District 9. "The main thing we want to make them aware of is that giving children aspirin may make things worse."

The Food and Drug Administration has named Nov. 11-17 national Reye's Syndrome Awareness Week.

### Dr. Purdes at space conference

Alice Purdes of Madison won't be the woman teacher soaring into space this winter, but she's busy at the Florida launching site this week. She is one of 250 guests of the National Aeronautics and Space Administration, chosen from among the 10,000 U.S. teachers who applied for space flight.

Dr. Purdes is coordinator of the literacy program at Venice-Lincoln Technical Center and General Educational Development educator at VLTC.

A whirlwind three-day "educators' launch conference" for the 250 this week includes briefings and tours at the Kennedy Space Center, a banquet, a simulated space shuttle launch, study of Halley's Comet and space stations, a review of planetary exploration data, and detailed explanations of the Teacher in Space project, including space transportation and mission highlights.

Q: In the past, you've written on the benefit of an Individual Retirement Account. I have just turned 35 and am ready to open an account. However, I have a question. Many forms of Individual Retirement Accounts exist, and are offered by many different institutions and businesses. Which is best?

A: It is true that an Individual Retirement Account, or IRA funds, may be invested in many different sources. However, one factor, we believe, should be paramount when considering where to open an IRA. Risk. We don't imagine you want to take too many risks with money you're putting away for your retirement, or the bottom line...investing in your future. Security is one of many good reasons to consider the IRA services offered by your local bank. Your investment in an IRA, through a bank, is insured by an agency of the federal government up to \$100,000. In the long run, which is what you are investing in, an insured, secure IRA is the better investment.

## VENICE POLICE RECOVER STOLEN CAR AFTER CHASE

The alertness of a Venice officer who chased a suspicious vehicle into Brooklyn at 10:30 p.m. Oct. 18 resulted in recovery of an auto reported stolen that day in Ferguson, Mo., officials said.

The driver fled from the car, ran across a field and escaped after the 1978 auto collided with a parked car at Sixth Street and Washington Avenue, Brooklyn.

A juvenile girl who was a passenger in the stolen auto was released to her parents pending a hearing.

Patrolman Gary Wallace first saw the auto parked at the rear of the Venice-Lincoln Technical Center bus garage. The driver pulled away when the squad car appeared but stopped when yelled at by the officer. The man said he was lost.

Wallace noticed a towel over the auto's steering column, a trick used by some car thieves to hide a damaged ignition, and he ordered the driver to get out of the vehicle.

Instead, the driver sped away in the auto, narrowly missing the squad car of Sgt. Biri Reed, who was entering the vocational school's driveway.

Chased by the Venice police cars, the driver went south on Sixth and through Brooklyn, stopping only when the collision occurred.

An investigation is continuing.

The chase progressed to Illinois Route 3, where the cycle allegedly passed a red traffic light at 75 miles per hour. It turned onto Rock Road and then into the Rural Route 1 area, where police estimated the speed exceeded 100 mph.

When the chase ended on Route 1, Nance was ticketed for reckless driving, unsafe equipment (slick rear tire), two counts of speeding, disobeying a stoplight, disobeying a stop sign and fleeing or attempting to elude police. He was released on \$202 bail.

## ALLEGEDLY FIRES SHOTGUN

Jimmie Robinson, 34, of 809 Jackson St., Madison, was charged with unlawful use of a weapon and not having a firearm owner identification card Oct. 19. ## Granite City's firefighters agree they should not strike

To the Editor:  
Granite City Firefighters Local 253 would like to clarify an issue of great importance to us.  
At a recent City Council meeting, Alderman Hanke made a motion, seconded by Alderwoman Perjak, passed unanimously by the council, and signed by Mayor Cruse, opposing the firefighters' and police officers' collective bargaining bill.  
This bill simply gives the firefighters and police the same rights enjoyed by virtually all sectors of organized labor throughout the United States — the right to good-faith collective bargaining.  
While expressing his opposition to this bill, Mayor Cruse stated that he felt it was in the city's best interest not to allow essential services to strike. We agree.  
However, if Mayor Cruse or Alderman Hanke had done their homework, they would have realized that the bill prohibits firefighters and police from striking.  
Firefighters Local 253 felt that the

statements by the mayor were incorrect and misleading to the general public.

The collective bargaining bill that is before the state legislature deals fairly with both the city and firefighters when an impasse is reached or negotiations break down. Accordingly, since both sides are given fair treatment, firefighters and police are prohibited from striking.

It is not the intent of Firefighters Local 253 to cast blame on any city official or the press. However, it is our responsibility to see that the public is informed correctly on issues that affect us directly.

It would be helpful in the future if the city administrators and the newspaper would contact our local representatives to hear our side of an issue and, if possible, to avoid incorrect information being released.

Granite City Firefighters Local 253

President

## Voter says article truthful

To the Editor:

In response to school board member Tom Miotky's letter, appearing in the Oct. 30 Granite City Press-Record/Journal, I feel that a few personal comments are in order. First, it appears that this board member either cannot read correctly or is unable to understand what he does read.

Secondly, I have read and reread the "Your Views" article printed in the Oct. 13 Press-Record/Journal

and written by board member Kelly Hogan.

In my opinion, the facts are quite clear. Question: How many I, my, or me's did you read? None. On the other hand, the pronouns we, our, and your were numerous.

Therefore, how could anyone accuse him of taking full credit for the accomplishments that have taken place within the past two years?

Come on, let's be fair. Why should the truth hurt?

A REMINDER FROM THE LAW TODAY

Much of the information put out about the so-called medical malpractice "crisis" has left people with the impression that doctors and other medical personnel are expected to be perfect. This is not the law, and it never has been. Under our law, most people are charged with the responsibility of exercising ordinary care in what they do as they go about their lives. This simply means that they are expected to act as a responsible person doing the same activities would act. The rule is not any different for those who practice medicine; they are only required to act as reasonable doctors would act under the circumstances; and a malpractice suit will only be successful when they don't exercise this degree of care. In spite of this fair and equitable application of the rule of ordinary care, legislation has been passed which makes it much harder and more expensive for the injured person to even receive a jury trial in a malpractice action. While complaints by medical people and insurance companies may cause us alarm about the costs of medical care, shouldn't we be even more alarmed about legislation which threatens to take the constitutional right to a jury trial away from the working man and woman?

We will be discussing this and other relevant topics on this Tuesday's program.

## Candidate has 3 children

To the Editor:

When readers go to the polls Tuesday, Nov. 5, to vote for school board members, I ask that they please consider Vicki Sebastian.

Here is a young woman with high standards who wants the children of Granite City to get a good education and is not afraid to stand up for what she believes.

She and her husband, Sonny, have three young children and have a per-

sonal concern as far as the quality of education here in Granite City.

Vicki herself is a lifetime resident of Granite City and their family is established here in every way. Sonny works here, and they go to the Bethel Evangelical Free Church.

Let's do our children a favor and vote for Vicki Sebastian.

## Candidate seeks changes

To the Editor:

As a concerned parent with two children in high school, I want to see our school district improved. I feel that Sheila Moran, an independent candidate for School Board District 9, is the person most qualified to help make necessary changes to benefit our children.

Her promises to control budget spending and open lines of communication between the school board and the community are only a few of the changes needed in our

school board — and she cares enough to get in there and fight.

Let's all get together and elect Sheila Moran, an independent candidate with fresh, new ideas who will listen to the voice of the community for a change.

## Seat-belt enforcement despite court ruling

Illinois State Police are continuing to enforce the auto seat-belt law while an adverse ruling by an Eighth Circuit court judge is appealed.

Troopers were told Tuesday to continue circulating that motorists and passengers connect their seatbelts, unless the Illinois Supreme Court decides the law is unconstitutional.

Judge Richard Brummer ruled against the law in a hearing Monday at Salem, saying legislators lack power to order people to "buckle up."

Gov. James Thompson said he is disappointed by the ruling but confident the July 1985 law will be upheld.

Attorney General Neil Hartigan opposes the law but has agreed to appoint a special attorney general to represent the state in the appeal.

## Hogan says letter distorted facts; wants record set straight

To the Editor:

The Frank Kraus letter in the Forum has prompted me to address this brief note to my friends and neighbors — not because of personal attacks on me but because of distortion of facts. His political overtones and inaccuracies cloud the truth and may confuse taxpayers.

Apparently, Mr. Kraus has the same type of problem as Mr. Mosk — inability to understand facts when properly presented and stated.

Academically, Mr. Kraus, the information you inferred I had implied, that "I and some new board members have brought about," was information that was compiled by the administrative staff. It was given to me, not something "I" made up. It was stated only to update citizens, something that both he and the "old" board failed to do for years.

Mr. Kraus first states the "old" board members adopted a balanced budget in September '83, prior to any "new" board members taking office (November '83). Then he states, "The good people of Granite City

passed a \$6.6 million bond issue in 1984 (November — for the record). In doing so, they helped us balance our budget."

Mr. Kraus, just when was the budget balanced and by whom? You were superintendent then, weren't you? Come when you left June 30, 1985, you knew all \$6.6 million in bond money remained intact. None of it was used.

It was all working hard — the old-fashioned way — drawing interest. Also, he states the district had a \$1.3 million surplus; but the "new board" he criticizes did even better than that. The surplus was twice as much — \$2,660,475.

Part of that surplus was created by the \$400,000 saved by the new board consolidating administrative positions in our overcrowded board office, of which he was a part for 20 years.

Maybe Mr. Kraus should also go back and read just who I gave the credit to in my article: "It is because of citizens' and taxpayers' continued support that District 9 has completed the last two years with a balanced budget."

Also, "This achievement has only come about through community involvement, support and proper management over the last two years." Please, Mr. Kraus, show me and all the citizens where the lack of validity is in either of those two statements.

To refresh my memory, the issue of 5 and 7 percent raises to the teachers was not an official offering by either side. There was an informal discussion outside of the bargaining room with people from both sides but never an official offering.

If Mr. Kraus is so concerned (most likely of the old board members losing its so-called power) about true facts, and he seems to know the accurate accounting of what went on, then maybe he'd be so gracious to enlighten me and the entire community with some answers to a few questions.

1. How did the district's food services turn-around from losing \$500,000 a year to showing a surplus of approximately \$500,000 a year under the "new board"?

2. Why was the accounting firm (from Alton) suddenly replaced?

3. Why, in the face of his last acts as superintendent, ask the board and the state to have all previous financial records of the district destroyed?

These questions have been repeatedly asked of me during the last two years. I do not have answers for any of them. Does he?

The "old board," Monroe Worthen, Bob Crider and Tom Mosk, who continually attack me and my friends, must accept their responsibility for the previous plight of the district. His recommendation to the voters of Monroe Worthen, Alan Crider and ticket apparently indicates willingness and desire to return to the "good old days" of budget deficits, low morale among district employees and political intimidation. The major question our citizens must ask: Is our district better off today than it was two years ago?

President, Granite City School Board

## Protection against crime BPW topic

Personal safety tips for women and additional information on preventive measures for home security were discussed by Jerry Trattler, a representative of Citizens Against Crime, at a dinner meeting of the Gateway Business and Professional Women's Organization.

Trattler said statistics on a nationwide basis show that 8 million people a year will experience a crime, primarily in the area of mugging, burglary or rape.

He added, "Of the 80,000 rape cases, one out of 10 will report it. Last year, one in every four families was the victim of a serious crime."

Trattler outlined possible solutions and told of precautions a person can take to try and avoid being a victim.

"A burglar will look at a home and decide if the entry into the residence can be quick, easy and low-risk. Therefore, the homeowner should make a thorough check of his home and decide where he can best add to its safety."

Trattler suggested a home security system, with notice of it displayed in the window or door to indicate the house is wired to signal an alarm in the event of a break-in.

Also, he said, homeowners should have a peephole in the door so they can see who is at the door before opening it. Noise and lights will also deter a burglar, as will a dog inside the house who will attract attention by barking at an unknown person, the group was told.

Trattler gave safety measures for a woman entering her parked automobile on a public lot or at a shopping center. He said if a woman has car trouble along a highway, she should remain in the vehicle and put a sign in the back window that states "call police" instead of requesting or accepting help from any passer-by.

Judith McCann, president, gave the welcoming address and introduced the guest speaker and his son and daughter-in-law, Dr. and Mrs. Ross Trattler of Hawaii, the program co-chairmen. Judith Whitaker and Barbara Hodges, and guests, Josephine Georgeoff, Karen Dean of Prime Hair Cut Center in Granite City and Bonnie Campbell.

Dr. Trattler is in this country on a nationwide promotion of his book, "Better Health through Natural Healing." He gave a synopsis of the book and discussed several areas of interest to the members, including "how to get well without drugs."

The president announced the Highland BPW will celebrate its 10th anniversary in November. District 14 has requested volunteers to serve at the 1986 convention, and the next President's Council meeting will be Nov. 7 at 7 p.m. at Roustio's Restaurant, Collinsville.

Household and personal items, donated by the members, were collected by Barbara Young for the Phoenix Crisis Center, one of several projects adopted by Gateway.

The president gave a review of the fall district meeting she attended, noting she announced Gateway will donate to the Marissa BPW to aid in its project of sponsoring a day care center.

A scholarship has been given to a displaced homemaker who is now enrolled at Belleville Area College's Granite City Center. She is

upgrading her education and skills to re-enter the job market.

Mrs. McCann spoke on a management leadership conference at Mount Vernon. She announced, on behalf of Pat Anderson, finance chairman, that plans for a fund-raising project are complete and will be announced at the November meeting.

## GCC Stars nip Lincoln

By GREGG OCHOA

**Executive Sports Editor**  
GRANITE CITY — Bad weather and treacherous field conditions seem to bring out the best in the Granite City Center soccer team.

"I don't know if you can call us mudders," said Stars coach Larry Petri, "but we do seem to play better in bad weather."

The Stars sloshed their way to a 2-1 victory Thursday over Lincoln College in the first round of the Region 24 JUCO Soccer Tournament at Granite City Center.

With the win, the Stars (10-9-3) earned a date to play Lewis and Clark in the regional finals. That game was to have been played Saturday.

The Bucks (17-1) easily whipped Lincolnland of Springfield 7-0 in another first round game. The winner of Saturday's regional championship moves into the Inter-Regional next week in Chicago.

Petri said the bad weather actually helped his squad. "It's going to help us because we have overall team speed," Petri said.

"It's just like in football. You have the advantage because defensively the other team has to play tentatively."

Ironically, the game was originally scheduled for Wednesday when better weather was in the air.

"(Lincoln) called and wanted the game moved up so their coach could be here," Petri said. "We agreed, but we didn't have any idea on how the weather would be."

The Stars got goals from John Finn and Tony McFarland and made them stick, thanks to some tough defense and the help of Lincoln

themselves.

It was an emotional game that saw tempers flare. And, in the second half, Lincoln field assistant Ron Hatfield was ejected after protesting a call.

Lincoln came unglued in the second half after the Stars tied the game and later went ahead.

"They got upset when things weren't going well," Petri said. "The emotional factor paid dividends for us. I thought we did a super job of keeping our emotions and not losing our cool."

Granite City Center fell behind 1-0 when Lincoln scored on a rebound after Stars goalie Jeff Lantz had stopped the first shot.

"He really couldn't do anything about that," Petri said. "The ball bounced right back out and the kid put it in."

The first half ended with Lincoln ahead 1-0.

"Defensively we made a quick change in the second half," Petri admitted. "Nobody was marking man-for-man. We went to that in the second half. We may have sacrificed a little offense, but it didn't hurt us that much."

"We shut off the middle and let them try to beat us from the outside."

With the new game plan, the Stars became more aggressive and forced some opportunities. McFarland had a couple of strong runs to the goal, but tried the take the ball too deep and the Lincoln defense booted it away.

Finn got the Stars even when he scored what looked to be almost a carbon copy of Lincoln's first goal. Matt Cassetri boomed a long shot on

goal and the Lincoln keeper got a piece of it. The ball, however, bounced behind him and stopped in the mud in front of the goal. Finnin was there to slam the rebound in the back of the net.

"Because of the mud hole we told everybody to follow everything up," Petri said.

"It was my decision to defend that goal in the first half knowing we would be shooting at it in the second half."

"In my opinion they (Lincoln) didn't do a lot when they had the advantage. And, that advantage is that mudhole."

Petri termed the tying goal as an "emotional uplift" for his team.

The goal seemed to provide the missing spark for Granite City.

With the game knotted at 1-1, the Stars kept the pressure on. Both Chris Schenk and Cassetri had good chances.

McFarland got the game winner when he beat a Lincoln defender forced the goalie to commit and tapped the ball into the net.

"That's an icebreaker for him," Petri said. "He's been in a little slump. Hopefully, he'll break out now."

As a team, the Stars, too, have been in a scoring drought. But, Granite City ended the month of October on a upnote.

The match with Lewis and Clark will mark the third time the two schools have met this season. The Bucks won the first two.

"The key will be to shut down (Brian) Donnelly. He really sets up everything for (Mark) Moser and (Chris) Owsley. He makes their team go," Petri said.

## Tigers still rolling, sweep spikers in regionals

By DAVE WHALEY

Staff writer

**EDWARDSVILLE** — The Granite City girls' volleyball team didn't have a bus to transport them here Friday night.

The team was able to make it to Lucco Gymnasium in a caravan of automobiles in time for their meeting

with the Edwardsville Tigers, but to no avail.

The Tigers whipped the Warriors, 15-10, 15-7 in the Class AA Regional final to advance to this week's Granite City Sectional. There they will meet the Belleville West Maroons (29-1) Tuesday night.

The Warriors ended their season

at 10-16, but with some hope for next year.

"Yes, I think we progressed a little this year," said Coach Wilma Schulze.

For the Tigers, it was their 15th win in a row and left them at 19-4 for the year. They are the only team to beat Belleville West this year, and Coach Kay Hyten is ready for another match with the Maroons.

"We're a better team now than we were when we played them last time, so I think we'll be ready," she said.

Although the Warriors didn't play anywhere near their best match of the season, according to Schulze, they were very much in the first game until Ann Nelson, the Tigers' senior co-captain, got to serve.

The Warriors scored the first two points of the game, but then had to rally to tie the Tigers, 4-4. Both teams then missed two chances each to score off service before Beth Werth missed connections on a return to give Edwardsville the lead.

After another exchange of serves, Nelson took over the service. Susan Eberhart and Susan Tomko had spikes, and suddenly it was 8-4 when Schulze called timeout.

It didn't work.

"The key to the match was their good servers," Schulze said.

Another Tomko spike was followed by three straight outstanding plays at the net by Missy Schaefer to make the score 12-4.

Sandy Sternberg slowed the Tigers down with a spike and then two points off her service. Werth served as the Warriors added four more points to cut the margin to 13-10.

But with Eberhart serving an ace and then Stephanie Ruyke adding the final spike, the Tigers took the

opener.

Eberhart continued her good serving and Edwardsville jumped to a quick 4-0 lead in the second game. The Tigers led, 6-3, but the Warriors trimmed the gap to one point with Alicia Melton serving.

But Eberhart again stepped forward for the Tigers, dumping a nice soft shot between Warrior defenders. The Warriors then had trouble returning serves, and when Ann Nelson came up with a big spike with the score 13-7, Amy Nelson served out the last two points of the match.

Hyten has noticed steady improvement in her team, which was 4-4 before going on the 15-match streak.

"We're not blowing leads like we did earlier," she said. "Plus, I think our fans here got us heated up a little bit. That's good. I hope we have twice as many there for the sectional."

Schulze agreed the Tigers looked good, but is leaning towards Belleville West in Tuesday's match.

"But any volleyball team can have an off night," she said.

Schulze said the Warriors didn't play their best match of the year. Four seniors (Werth, Betsy Barrington, Melton and Bridget Watson) were playing their final match for the Warriors, and Schulze said they wanted to win very much.

"We missed connections with our bus," Schulze said. "And then things didn't get much better when we arrived."

The Belleville West-Edwardsville match will be at 6:30 p.m. Tuesday at Granite City High School, and will be followed by a match between East St. Louis and Wood River. The winners will play Thursday at 7 p.m., with the sectional winner moving on to the Salem Super-Sectional on Saturday.

## Warriors sweep Triad

By DAVE WHALEY

Staff writer

**EDWARDSVILLE** — On a gloomy Halloween night, it was trick-or-treat time.

But all the treats were reserved for the Granite City girls' volleyball team while the tricks were played on the St. Jacob (Triad) Lady Knights.

The Warriors advanced to Friday's final in the Edwardsville Class AA Regional with a 15-11, 15-3 triumph over the Lady Knights.

The Warriors improved their record to 10-15 in preparation for a match with the Edwardsville Tigers, who improved their record to 18-4 in the first match Thursday with a 15-0, 15-3 win over the Roxana Shells.

A win over the Tigers would give the Warriors a chance to play in the Granite City Sectional this week.

The Warriors were threatened only once in the match. In the

first game, they broke out to a 9-4 lead, only to see the Lady Knights trim the margin to 12-11.

At that point, Warriors' coach Wilma Schulze called a time out.

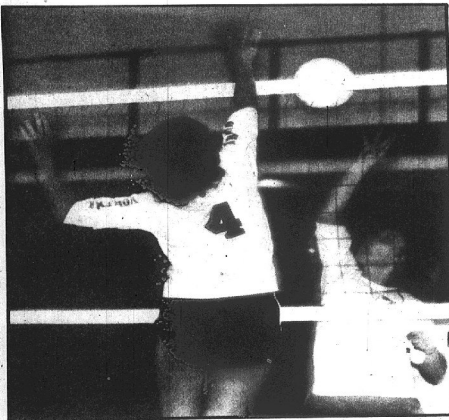

"I didn't really say anything special to them," Schulze said. "I mainly just wanted them to take a break. They were committing some dumb errors. Triad wasn't putting the pressure on us as much as we weren't making the plays."

The Lady Knights then served with a chance to tie the game, but the Warriors got the serve back and then scored three straight points to finish it off.

Bridget Watson put away the first two points of the game for the Warriors, and after the Lady Knights cut the margin to 3-2, two serves by Alicia Melton put the Warriors back up by three points.

After having the lead cut again to 5-4, the Warriors ran off four

According to GCWC officer Bill Widel, persons may register on Nov. 5 and 7 from 7 to 8 p.m. at the Granite City Campus gymnasium, formerly Granite City North. Boys sixth grade and under and welcome to register.

The registration fee is \$12 and parents signing their children are required to submit a photocopy of the child's birth certificate before their child will be signed.

The club is also seeking qualified coaches for the coming season. Persons seeking further information about either the registration or to help coach should call either Widel or Tom Sparks at 797-1834 or 451-1375 respectively.

## GCHS athletic banquets set

The Granite City Booster Club has announced plans for its fall athletic banquets.

On Thursday, Nov. 14 the Granite City football team will be honored. On Nov. 18, a banquet will be held for the volleyball, golf, cross country and girls tennis teams.

The final banquet will be Wednesday, Nov. 20 when the Granite City boys soccer team will be honored. In addition, cheerleaders will also

be recognized at these banquets.

All three banquets will begin at 6 p.m. and will be held in the high school cafeteria. All athletes will eat dinner compliments of the Booster Club.

Cost for all others planning to attend the dinner will be \$2 a plate, or up to \$9 per family. Each family is asked to bring a salad or vegetable dish that will serve eight persons.

Persons planning to attend should make reservations through the high school.

## GC Boosters to meet on Nov. 12

The Granite City Booster Club will hold its monthly meeting on Tuesday, Nov. 12. The meeting will begin at 7:30 p.m. and will be held in the high school cafeteria.

## Drawing is set for trap permits

For additional information, call 931-0270.

## Waterfowl hunting season is altered

**SPRINGFIELD** — A 10-day reduction in season length and more restrictive harvest regulations will be implemented during the 1985 waterfowl season, according to Department of Conservation's Chief Waterfowl Biologist Dennis Thornburg.

Duck season for the northern zone began Oct. 16 and concludes Nov. 24; the central zone season runs through Dec. 2; and the southern zone, Oct. 31 through Dec. 9.

Hunters will be governed by a restructured point system, Thornburg said, with a 100-point maximum for each hunter per day.

One-hundred point species are: Mallard, Black duck and Canvasback. Seventy-point ducks are: Redhead, Woodduck and the Hooded Merganser. Thirty-five point species are: drake Mallard, Pintail, Ring-neck and all other species not listed in other point categories. Twenty point species are: Blue-winged Teal, Green-winged Teal, Cinnamon Teal, Gadwall, Shoveler, Scaup, Wigeon and all Mergansers except the hooded.

The Canada goose season begins in the northern zone concludes Nov. 4; concludes Nov. 12 in the central zone; and begins Nov. 26 and concludes Dec. 15 in the southern zone.

The Canada goose season in the four-county southern Illinois quota zone (Alexander, Jackson, Union and Williamson counties) begins Nov. 11 and concludes Dec. 20, unless the harvest ceiling of 17,500 geese is reached before that date.

The bag limit for Canada goose is one bird per day outside for the four county-quota zone, and two birds per day inside the zone, Thornburg said. The giant Canada goose season in the tri-county zone of Fulton, Knox and Henry counties, in central Illinois, will begin Nov. 1 and conclude Nov. 20.

The dividing line between the north and south zones follows Illinois Route 92 east from the Mississippi River to Interstate 280, follows Interstate 280 east to Interstate 80 and continues on 80 to the Indiana border.

The boundary between the central and southern zones follows Illinois Route 155 east from the Mississippi River to Illinois Rt. 159, follows Illinois 159 north to Illinois Rt. 161, follows Illinois Rt. 161 east to Illinois Rt. 4, follows Illinois Rt. 4 to Interstate 70 and follows 70 East to the Indiana border.

## Volleyball

(From Page 17A)

straight points to make it 9-4.

The Lady Knights then put together their most sustained period of play of the night, scoring seven of the next 10 points, before the Warriors' time-out turned things back in Granite City's favor for good.

Triad served to lead off the second game, but the Warriors immediately got the serve back and took a 3-0 lead on the service of Beth Werths.

With Kelly Davis serving, Triad closed the gap to 3-2, but the Lady Knights made several mistakes which cost them, as the game became a one-sided affair. Three times they failed to score off serves, and two straight spikes by Watson made it 5-2.

With the score 9-2, Becky Blume blocked a Warrior spike attempt at the net, but then her serve fell short.

With the score 14-3, Werths' final serve bounced off Blume up into the

balcony at the Joe Lucco Gymnasium to end the match.

"We'll need to be a lot more consistent" against Edwardsville," Schulze said afterwards. "They have a very good record, but I don't think they played the same caliber of competition we did."

Schulze did have one bit of concern about playing the Tigers in their home gym, but it had nothing to do with the Edwardsville team.

A small group of fans (dressed in Halloween garb Thursday) made a great deal of noise by stomping on the bleachers and leading cheers during the Tigers' win over Roxana.

"The last time we played here, those fans started doing that," Schulze said. "Our girls just stopped playing when it started. I could see them looking over at them when they should have been playing and we made a lot of mistakes. They shouldn't let that bother them."

RETURN WITH US TO...

by Bill Owens  
 "The Lone Ranger"  
**BRACE BEEMER**  
 "The Lone Ranger"  
 NOWHERE IN THE PAGES OF HISTORY CAN ONE FIND A GREATER CHAMPION OF JUSTICE! CERTAINLY NO SINGLE FIGURE ON RADIO EVER CAPTURED THE HEARTS AND IMAGINATION OF AMERICANS AS DID THE LONE RANGER. THE MOUNTED RIDER HAS GONE BEYOND FICTION. HE HAS BECOME AS MUCH A PART OF OUR NATION'S LEGEND AS DANIEL BOONE, JOHN HENRY OR CHARLES LINDBERGH. THE MAN BEHIND THE MICROPHONE... THE SONOROUS VOICE OF THE RANGER FOR MOST OF THE 1950S BROADCASTS, WAS NOT UNLIKE THE HERO HE PLAYED. "BRACE WAS A FABULOUS MAN," SAYS RED FLOYD, ANNOUNCER FOR THE PROGRAM. "THE PICTURE YOU BUILT FROM HIS VOICE WOULD NEVER HAVE DISAPPOINTED YOU!"  
 BRACE BEEMER WAS BORN IN ILLINOIS. AT AGE 14 HE WAS AWARDED A PURPLE HEART FOR WOUNDS RECEIVED DURING WORLD WAR I.  
 ON MARCH 1, 1965, AT THE AGE OF 62, BEEMER DIED. THROUGHOUT THE WORLD HIS DEATH WAS MOURNED BY LEGIONS OF FANS. BUT HIS REMAINS REMAIN FIRMLY ENTRENCHED IN THE HEARTS OF THOSE WHO RECALL HIS FAMOUS CRY...  
 HE WAS A TALL MAN, MEASURING 6 FT. 3 INCHES, WHO LOVED THE OUTDOORS. AN EXPERT RIDER AND CRACK SHOT, BEEMER WAS A MAN'S MAN.  
 11-VO SILVER!
